

HOW CAN I GET RID OF IT??

Yard Waste: Mulching is strongly encouraged, it will add valuable nutrients to your lawn and eliminates having to bag grass clippings.

The City has a **YARD WASTE DROP-OFF SITE** at the end of Renick Ave.

- Hours are 6:30am -8:30pm 7 days a week.

- It is for use by private city residents only.

-**NO** commercial arborists, tree cutters, landscapers, etc.

- **NO** stone, dirt, concrete, sand, landscape timber, edging, plastics, metal etc.

- Bagged material must be in biodegradable bags: **NO PLASTIC**

Paint: If the paint is still usable, try to donate to someone who can use it. If it is not usable, and only a small amount is left in the can, take the lid off and let it harden. If there is a large quantity, mix with kitty litter, sand or sawdust to aid in the drying time. Do this in a well-ventilated area. When the paint is in a solid form, it may be disposed of with your regular garbage. Leave the lid off so your waste hauler can see it is in solid form.

If in an aerosol can and it is almost empty, discharge contents of container into a deep cardboard box outdoors, away from open flame and sources of heat, protecting skin and eyes. Allow to dry, and dispose of box and container in the trash.

Antifreeze: In the City, antifreeze may be flushed down toilet or sink using large amounts of water. Pour slowly and carefully to avoid splashing. Do NOT pour down septic system or storm sewer. Remember, pets are strongly attracted to the smell of antifreeze, and antifreeze is very toxic to animals.

Cell Phones: Ross County Sheriff's Department, 773-1186. Cell phones can be dropped off at the Sheriff's Office, 28 N. Paint Street. The phones are re-programmed with 911 calling capabilities, and given to senior citizens and crime victims without phones to be used for emergency use only.

Fluorescent Bulbs: It is unlawful to dispose of fluorescent bulbs in Ohio landfills. Breaking fluorescent bulbs releases mercury vapor. The vapor is extremely hazardous to human health and the environment.

Lowe's of Chillicothe will accept **compact fluorescent bulbs** at no charge.
